OFFICE OF SENIOR SURGEON & SANITARY COMMISSIONER WITH THE GOVT OF MYSORE
No. 1781.

To

The Chief Secretary
to the Dewan of Mysore.

Sir,

I have the honor to forward herewith for submission to the Dewan a statement showing the Taluks and Sub Taluks in the Province provided with Hospitals or L.D. dispensaries, excluding the special hospitals at Bangalore and Mysore, the jail hospital at Bangalore, Mysore and Shemoga, and the aided dispensary at Settihully near Hassan under the management of the Roman Catholic Priest & the Municipal dispens[r] at Bangalore & Mysore.

From this it will be seen that out of the 76 Taluks and Sub Taluks, only 4 Sub Taluks, viz Srinivaspur, Kontagere, Turuvakere, and Gubbi remain unsupplied, and these I hope to be able to provide for soon.

There also remains the dispensary sanctioned for Sulabele in the Hoppa Taluk, which is to be partly supported by the Planters, for which I have kept an Hospital Assistant available for posting as soon as the building is constructed.

It will be also observed that there is

an extra dispensary in each of the Taluks of Seringapatam, Mudgere and Koppa, with a second extra one sanctioned for the last named Taluk, or a total of four extra, which accounts for the fact that although there are only 76 Taluks and Sub Taluks and 75 hospitals and dispensaries of the kind referred to provided, there still remain five dispensaries to be supplied viz four Sub Taluks and one extra or special (Suitable).

The dispensaries at Rumsi, Hunlingar and Siddlagutta are not yet opened, but they will be in a few days, as I have posted Hospital Assistants and despatched medicines and appliances to these places.

I have had a good deal of difficulty for the past a couple of years, owing to the department having been shorthanded when I assumed charge, in getting Hospital Assistants to meet the requirements of the Province both in regard to Local Fund dispensaries and other wants, but I hope the Dewan will be pleased with the progress which has been made, in as much as at present there is no really feverish Taluk which has not got its dispensary or hospital, and three have more than one.

Seven Deputy Commissioner's Establish-ments also have to be supplied with Hospital
